

PERSONAL DATA HAS ENTERED THE GDPR ERA

This infographic originates from a working group of CLUSIF (www.clusif.fr). It sums up the General Data Protection Regulation. It cannot be comprehensive but it does offer a summarized overview of keys to understand the scope of the regulation for future reference.

CLUSIF is an association of professionals in information security. It is open to all businesses and public administrations and brings together Providers and Users from all industry branches. Its main goal is to facilitate the exchange of know-how and competences towards an efficient information security system through a CISO space, working groups, publications and thematic conferences. Some of the topics addressed in working groups include : cyber insurance, industrial systems, cyber threats and security practices, cybercrime overview, mobile apps, IoT, day-to-day digital security, electronic signature, GDPR, security dashboards, etc.

For more information, please contact : Luména DULUC, general delegate : +33 (0) 1 53 25 08 80 (clusif@clusif.fr)

Legend

- Art. 51 European regulation article
- (141) European regulation recital
- WP244 G29 guideline
